Mar 22, 2026 · Economics studies how societies manage scarce resources to produce, distribute, and consume goods and services. Economics studies how individuals, businesses, and ... Economics is the study of how humans make decisions in the face of scarcity. These can be individual decisions, family decisions, business decisions or societal decisions. If you look around ... Perhaps the only foolproof definition is that attributed to Canadian-born economist Jacob Viner: economics is what economists do. Inflation drives up the cost of everyday goods, ... There exists an economic problem, subject to study by economic science, when a decision (choice) is made by one or more players to attain the best possible outcome.
