CertiPrep - CMA (AAMA) Exam Prep Book 2025-2026 Certiprep 2025-11-11 Crush your CMA (AAMA) exam with a study guide that actually teaches you how to think like the test. CertiPrep - CMA (AAMA) Exam Prep Book 2025-2026 is your all-in-one, no-fluff companion for exam day. Written in a calm, supportive voice, it breaks the CMA (AAMA) exam into clear, manageable pieces and trains you to recognize the patterns the test loves to use. Inside, you'll get complete coverage of all three exam domains: General: communication, psychology, ethics, legal concepts, patient education, cultural competence, safety, infection control, and quality improvement. Administrative: scheduling, insurance basics, billing, coding concepts, phone skills, documentation, EHR fundamentals, and office operations. Clinical: vital signs, history taking, exams, common procedures, pharmacology basics, emergencies, triage ideas, and diagnostic support. Each chapter follows a simple Learn → Practice → Understand cycle. You'll review concise teaching sections, then tackle 25 exam-style questions per chapter-with detailed

explanations that show why the correct answer is right and why the others are not. These repeated patterns sharpen your test-taking instincts and build real clinical judgment, not just memorization. Finish with a full-length mock exam that mirrors the real test so you can check your readiness, find weak spots, and boost your confidence before exam day. Built for busy future CMAs, this book works as your primary study resource or as a powerful supplement to your MA program. Throughout, you'll reinforce the habits the exam (and employers) care about most: protect the patient, protect yourself, stay in scope, document clearly, communicate respectfully, and follow policy. This independent exam prep resource is not sponsored, endorsed, or approved by the American Association of Medical Assistants (AAMA). Always refer to the official AAMA website for current information. Using this book does not guarantee a passing score-your results will depend on your education, experience, and how you study. If you're ready to move from overwhelmed to confident and prepared, this book is built for you.
