Teaching in the Standards-based Classroom 2001

Virtually every national standards document, every

state framework, and every local set of standards calls for fundamental changes in what and how teachers teach. The challenge for teachers is to implement the vision for mathematics and science classrooms called for in the standards. This issue describes that vision and suggests ways to use the standards mandated in your school to improve your practice--to help you teach in your standards-based classroom.

New Directions for Equity in Mathematics Education
Walter G. Secada 1995-04-28
This book examines equity from the standpoint of

mathematics education - an excellent forum for the topic, since the results are quantifiable and the disparity in performance is stark.
