iPhone Game Development

Chris Craft 2009-10-27 New Apple Developer Series! A technical and business guide to creating and selling iPhone games If you've always wanted to develop a cool iPhone game application and sell it for big bucks, this book is for you. iPhone Game Development covers all technical and commercial bases, from how to sign up for the Apple Development Program, master the development tools in the iPhone SDK, publish your game to the App Store, and convince people to buy it. You'll find full coverage of Cocoa Touch and other great features of the iPhone SDK, plus pages of real-world examples with step-by-step explanations. The book also includes loads of royalty-free code you can use for commercial development. Apple's iPhone is not only a mobile phone, it's also a game platform rivaling big names

like Nintendo and Sony; anyone can sign up for the Apple Developer Program and publish their works to the App Store This hip book written by two successful gamers with over a decade of game development experience will teach you both the technical and business aspects of developing and publishing a game to the App Store, plus how to convince end-users to buy it Includes examples with step-by-step explanations of actual games and apps currently on the App Store A Companion Web site provides royalty-free code from the samples in the book, which you can use to jumpstart your own game development Save weeks of development time with the expert guidance you'll find in iPhone Game Development! Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

App Savvy Ken Yarmosh 2010-08-31 How can you make your iPad or iPhone app stand out in the highly competitive App Store? While many books simply explore the technical aspects of iPad and iPhone app

design and development, App Savvy also focuses on the business, product, and marketing elements critical to pursuing, completing, and selling your app -- the ingredients for turning a great idea into a genuinely successful product. Whether you're a designer, developer, entrepreneur, or just someone with a unique idea, App Savvy explains every step in the process, with guidelines for planning a solid concept, engaging customers early and often, developing your app, and launching it with a bang. Author Ken Yarmosh details a proven process for developing successful apps, and presents numerous interviews with the App Store's most prominent publishers. Learn about the App Store and how Apple's mobile devices function Follow guidelines for vetting and researching app ideas Validate your ideas with customers -- and create an app they'll be passionate about Assemble your development team, understand costs, and establish a workable process Build your

The Business of iOS App Development Dave Wooldridge
2014-10-29 Updated and expanded for the new Apple iOS8, The Business of iOS App Development, Third Edition shows you how to incorporate marketing and business savvy into every aspect of the design and development process, giving your app the best possible chance of succeeding in the App Store. This book is written by experienced

developers with business backgrounds, taking you step-by-step through cost-effective marketing techniques that have proven successful for professional iOS app creators—perfect for independent developers on shoestring budgets. No prior business knowledge is required. The phenomenal success of the iPhone, iPad and the iPod touch have ushered in a "gold rush" for developers, but with well over a million apps in the highly competitive App Store, it has become increasingly difficult for new apps to stand out in the crowd. Achieving consumer awareness and sales longevity for your iOS app requires a lot of organization and some strategic planning. This is the book you wish you had read before you launched your first app!
