Anne Frank in the World Carol Ann Rittner 2016-06-16 Scholars, clergy, teachers and writers present stimulating essays on the theme that Anne Frank's Diary movingly symbolizes the triumph of childhood innocence over totalitarian brutality. This may be of value for classes and study groups with interests in religion and religious ethics, the Holocaust, ethnic cleansing, discrimination, the role of the individual in society, and the daunting moral dilemmas posed by emerging nationalisms all over the world.

The Field Guide to Teaching Richard J. Marchesani 2007 "The goal of The Field Guide to

Teaching: A Handbook for New Teachers is to provide very specific and practical guidance for those who are entering the teaching profession. The book offers guidelines, hints and fundamental information geared to help the novice teacher avoid common pitfalls and to make a start on the road to becoming a professional educator. It is written from the point of view that those who read the book are unfamiliar with the profession beyond the training they have or will receive in their college teacher preparation program or other alternate route program."--Publisher's website.
