Answering the Toughest Questions About God and the Bible Bruce Bickel 2016-10-18 Bestselling Authors Tackle Difficult Issues for Believers and Doubters When it comes to the big questions about God--Is he real? Why are Christians so unlike Jesus? Does he really care about me?--Bruce Bickel and Stan Jantz don't pretend to have all the answers. But they do know how to wrestle with doubt. They welcome questions, and in these pages they ask some of the most important ones you have about God and the Bible. With candor, insight, and a disarming touch of humor, they provide some answers to these critical questions, yet they leave enough space--and grace--for you to keep wrestling, asking, and seeking Truth. There is no shame in asking--after all, even some of the greatest men and women in the Bible had doubts. Don't let your questions go unanswered. What you find might just change your life.

Decolonizing Environmentalism Prakash Kashwan 2024-12-26 We live in a moment rife with mixed emotions-existential anxieties about catastrophic climate change, presumptuous confidence in planet-hacking geoengineering technologies, and hopefulness of youth climate activism. Decolonizing Environmentalism helps us navigate these emotions and reimagine our approach to environmental stewardship. The authors cast a critical eye on wealthy and influential environmental groups that committed to anti-racist strategies in the wake of the racial awakening of 2020. Yet, they continue to embrace false solutions like carbon markets

and biodiversity offsets, which carry deeply racialized consequences. By tracing the roots of these misplaced priorities to detrimental modernity steeped in colonialism and capitalism, the authors call for transformational changes in human-nature relationships. They distill lessons from the divestment movement, which has questioned the fossil fuel industry's moral standing, and food sovereignty activists, who have mobilized global civil society to hold agribusiness corporations accountable. Amidst calls for "apocalyptic optimism," Kashwan and Hasnain offer a radical vision grounded in intersectional ecofeminism, Indigenous sovereignty, and strategies honed in the trenches of transnational environmentalism. In these extraordinary times, Decolonizing Environmentalism invites readers to embark on a transformative journey to embrace anti-racist, emancipatory, and regenerative approaches to environmentalism.
