Student Study Guide to Accompany Topical Child Development James Cantrell 1994

Communication Works! Alex Whitman 2000

For courses in Business English, Editing and Proofreading, Career Development and Counseling, and Business Writing. This sensible approach to the requisites for language mastery explores grammar and composition, along with the skills needed for effective communication:

reading, writing, speaking, listening, thinking critically, and collaborating. An additional focus on certain aspects of personal development and interpersonal skills, as they relate to numerous and varied jobs, complements the other material and provides students with practical information on how to succeed in the workplace.

Best Ideas for Teaching with Technology

Justin Reich 2015-02-18 This practical, how-to guide makes it easy for teachers to incorporate the latest technology in their classes. Employing an informal workshop approach, the book avoids technical jargon and pays special attention to the needs of teachers who are expanding the use of computers in their classrooms. The authors focus on what teachers do and how they can do it better, and provide a wide variety of proven tools, tips, and methods for enhancing these activities with technology. "Best Ideas for Teaching with Technology" provides extensively illustrated tutorials for a wide variety of software, online tools, and teaching techniques. It covers everything from lesson plans, to time management, how to show animation, blogging, podcasts, laptop strategies, and much, much more. In addition, periodic updates to the text will be available on the authors' website.
